**Mission: To be a strong advocate for business**

**PRESIDENT'S MESSAGE**

By H. David Stuart

Success! It means different things to different people. No matter the objective, success usually happens when we are determined and persevere. Taking the same actions usually produces the same results, and over time they may not work as well. To achieve the success you are striving for, try doing things differently.

"Adapt or perish". I believe every one of us has the ability to accomplish just about anything but not without determination and perseverance. Apply yourselves with passion, and enjoy your life. You will achieve your goals despite difficult and turbulent times. When I look into the faces of those attending our gatherings, I see community leaders, business owners, and managers. All are concerned citizens concerned about the future of their businesses, personal lives, and the future of our community. Working together to channel these concerns into action, in a positive way, will benefit all of us.

With the upcoming holidays comes a renewed spirit of hope and good cheer. When shopping, think "chamber first". The members of the Creve Coeur-Olivette Chamber of Commerce offer a huge selection of products and services, all of which make for fine gifts.

## WEBER CHEVROLET TO RENOVATE

General Manager Paul Kastner announced the multi-million dollar remodeling project that Weber Chevrolet will be undergoing. "This will be the first major renovation for the dealership in the 43 years since it was built, to further and better serve our customers," states Mr. Kastner as he describes some of the many alterations you will see. Upon completion, you can look forward to changes primarily on the showroom floor and in the customer lounge. Even the exterior will get a sprucing up with a new front. There will be Service Consultation Rooms, a coffee bar, new restrooms and a children's play room. It is updating to become American Disabilities Acts compliant throughout the store. The current use of wi-fi and flat screen televisions will continue as Weber Chevrolet brings the rest of its accommodations to meet the present day needs with an eye to the future. Weber Chevrolet wants to create a more green and inviting environment and plans over \$150,000 in landscaping. The projected finish date will be late Spring 2012. Weber Chevrolet will be open for business during the transformation and invites you to come by during construction as well as upon its completion. Weber Chevrolet is located at I-270 and Olive at 12015 Olive Blvd. The phone number is 314-567-3300.

## BROWN SMITH WALLACE RECOGNITIONS

Brown Smith Wallace, LLC has been recognized by both *Accounting Today*, the leading trade publication for the accounting profession, and *INSIDE Public Accounting* (IPA), an accounting industry newsletter.

*Accounting Today* named Brown Smith Wallace as one of the Best Accounting Firms to Work For in 2011. Brown Smith Wallace is the only St. Louis-based firm to receive this recognition for multiple years, including the past two years.

Brown Smith Wallace also was recognized by IPA as a Top Five Fastest-Growing Firm in its revenue category (\$20-30 Million) in the nation and an All-Star Firm, based on the firm's performance in the areas of management and growth. According to IPA, the firms participating in this year's annual survey turned in an average growth rate of just .08%. In comparison, Brown Smith Wallace grew by 8.2%.

"These recognitions are a real testament to our talented employees, collaborative environment, solid performance and growth, and of course, the clients we serve," said Harvey Wallace, co-founder and managing member of Brown Smith Wallace.

The goal of the *Accounting Today* awards program is to identify and honor the best places of employment in the accounting profession, benefiting the nation's economy, its workforce and its businesses. Firms underwent a two-part survey process: the first part evaluating workplace policies, practices, philosophy, systems, and demographics, and the second part surveying employees.
